Presentation

This Postgraduate Master Course in international relations is a training that prepares the professional on the path of the Diplomatic Career, providing the student with the necessary knowledge to face the different international scenarios and whose main characteristic focuses on being complex, changing, dynamic and of interests very varied between countries

- Prepare professionals in the area in their process to the Diplomatic Career.
- Provide the student with solid and rigorous theoretical and methodological competences to train him as an analyst not only academic but also in the sectors related to the study.
- Analyze in detail the different scenarios of complex and changing international relations at a global level.
- To enable foreign students, diplomats or not, a specialized and modern training in diplomacy and international studies.
- Train students with the necessary instruments to better understand the historical, sociological and economic reality of the areas defined in the specialized modules.
- Strengthen the role of Spain in its efforts to cooperate with the international community in order to finally achieve a more secure and stable world.

<p>Objectives</p>	<p>This Postgraduate Master Course in diplomacy is aimed mainly at:</p> <ul style="list-style-type: none"> - Analysts and Experts in foreign relations and international politics - Armed Forces and State Security Bodies - Graduates or graduates in international relations - Graduates or graduates in international protocol - Private Security Professionals - Politicians, Lawyers and Journalists of the area
<p>Target audience</p>	<p>The course aims at providing young graduates, young professionals and passionate about fashion with technical skills in the fashion and luxury industry, in order to develop a strong sensitiveness and knowledge towards fashion, quality and "Made in Italy" branded products, identify new business opportunities and successfully manage creative projects within international environments.</p> <p>This Postgraduate Master course mixes technical knowledge, high quality professionals' experiences and practical case studies, by enabling students to build their own professional network while studying through high-technological didactic tools.</p>

Tools

This Postgraduate Master Course will be delivered online through our didactic platform available 24/7.

The distance learning system shall provide assisted learning along a predetermined educational path, with access to didactic materials specifically developed, with a wide range of interactive individual and group activities, supervised by tutors and experts in the field, able to interact with students and to answer their enquiries.

The study of the didactic materials, both digital (video lessons of the lecturers with graphic animations) and on paper support (lecture notes and/or texts), is conducted according to the time schedules and personal availability of the student.

Students may avail of video lessons for the study of theoretical knowledge, of bibliographies and sitographies, in addition to notes and documents necessary for the acquisition of practical skills.
