Presentation	<p>This Postgraduate Master Course in international geostrategy is designed to provide the student with extensive knowledge related to military issues, national security, defense policy, modern defense theory, conflicts and international politics, intelligence services, terrorism and organized crime, military industry and the economy of defense, among others.</p> <p>The main objective of this Postgraduate Master Course is the highly qualified training of professionals and experts in the fight against jihadist terrorism.</p>
Objectives	<p>This geostrategy course is designed for members of the Armed Forces, State Security Forces and Bodies or other police forces, as well as professionals whose daily activity is related to security and defense sciences.</p> <p>The Postgraduate Master Course is aimed especially at university graduates.</p>

Tools

This Postgraduate Master Course will be delivered online through our didactic platform available 24/7.

The distance learning system shall provide assisted learning along a predetermined educational path, with access to didactic materials specifically developed, with a wide range of interactive individual and group activities, supervised by tutors and experts in the field, able to interact with students and to answer their enquiries.

The study of the didactic materials, both digital (video lessons of the lecturers with graphic animations) and on paper support (lecture notes and/or texts), is conducted according to the time schedules and personal availability of the student.

Students may avail of video lessons for the study of theoretical knowledge, of bibliographies and sitographies, in addition to notes and documents necessary for the acquisition of practical skills.
